THE NEIGHBORHOOD

PROFESSIONAL SPORTS HUB

Peoria and the greater Phoenix region are home to a number of professional sports teams.

The Peoria Sports Complex is adjacent to Stadium Point and the spring training home of the San Diego Padres and Seattle Mariners. This complex was the first two-team Major League Baseball spring training and player development facility in the country. Built in 1994, the complex has served as a model for other facilities of its kind. Peoria recently invested over \$31 million on upgrades to the stadium including a state-of-the-art jumbotron, two new clubhouses, interactive playgrounds and more. The Peoria Sports Complex is in the heart of the vibrant P83 Entertainment District, and hosts year-round training camps and city and community events.

Please see www.peoriasportscomplex.com for additional information

PEORIA IS THE PLACE

“Peoria is built on a mighty foundation, guided by sensible and forward-thinking policy decisions. We are a pro-business city, we embrace innovation and we are committed to working alongside the bold and courageous entrepreneurs who are ready to experience the endless possibilities that our community offers.”

REGIONAL ACCESS

The world's largest contract chipmaker, Taiwan Semiconductor Manufacturing Company, is under construction on their 1,128-acre, 5-nanometer, \$35 billion, semiconductor fabrication campus. The TSMC campus is part of a planned 3,500-acre technology campus known as the Sonoran Oasis Science and Technology Park. The campus is projected to create more than 2,000 jobs indirectly and will continue to drive tremendous growth in the surrounding North Phoenix market area. The project will be built in multiple phases with the first totaling about 3.8 million square feet of semiconductor manufacturing facilities as well as administrative and other support facilities. The facility is expected to be operational by 2024.

Luke Air Force Base is the largest U.S. air base in the world. It is home to the 56th Fighter Wing and trains 75% of the world's F-35 pilots. With 6,900 active, reserve, and civilian employees, the base provides a \$2.4 billion economic impact to the region. The region benefits from the base's durable source of employment and continuous economic influence.
